

## PCC Pale Rider

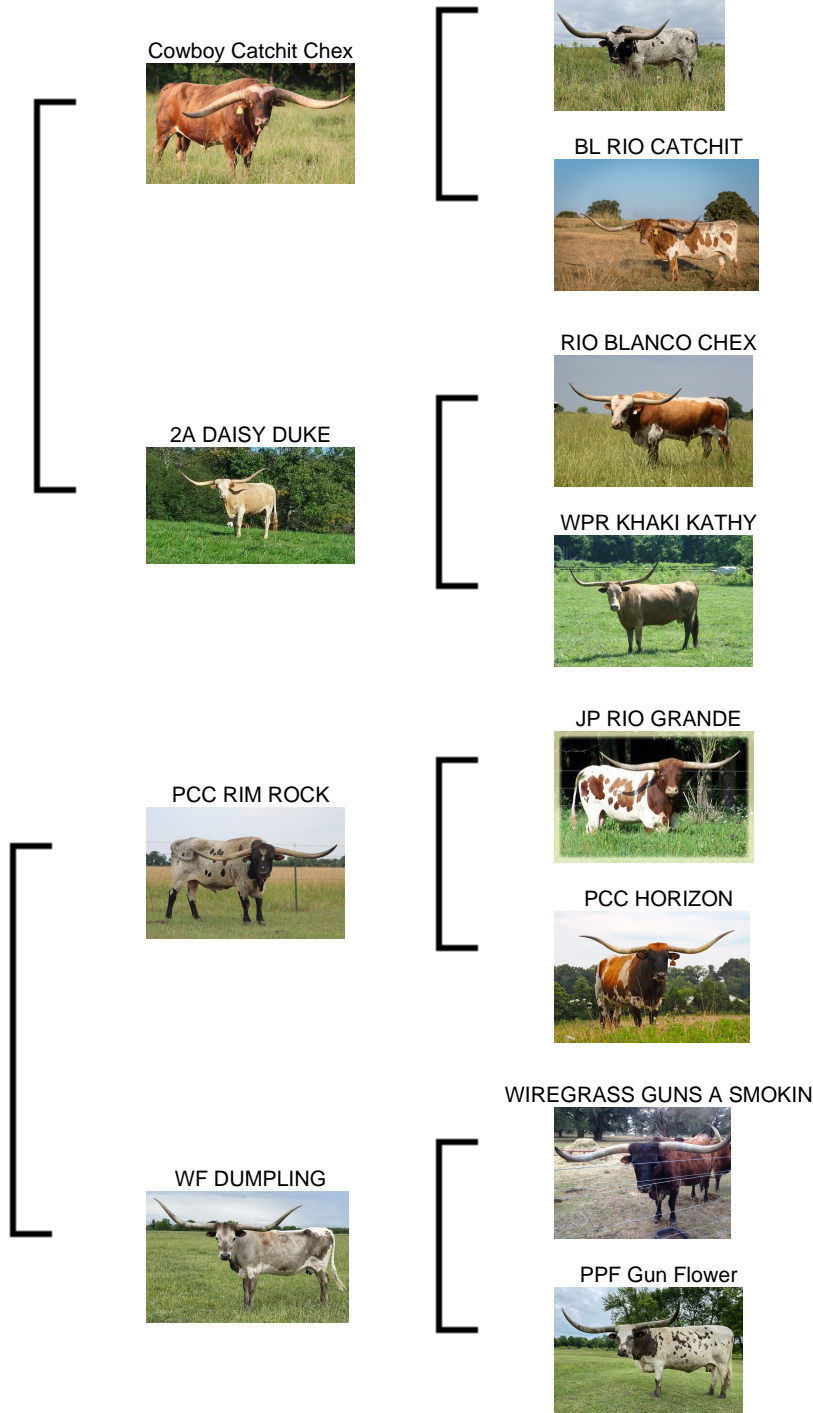

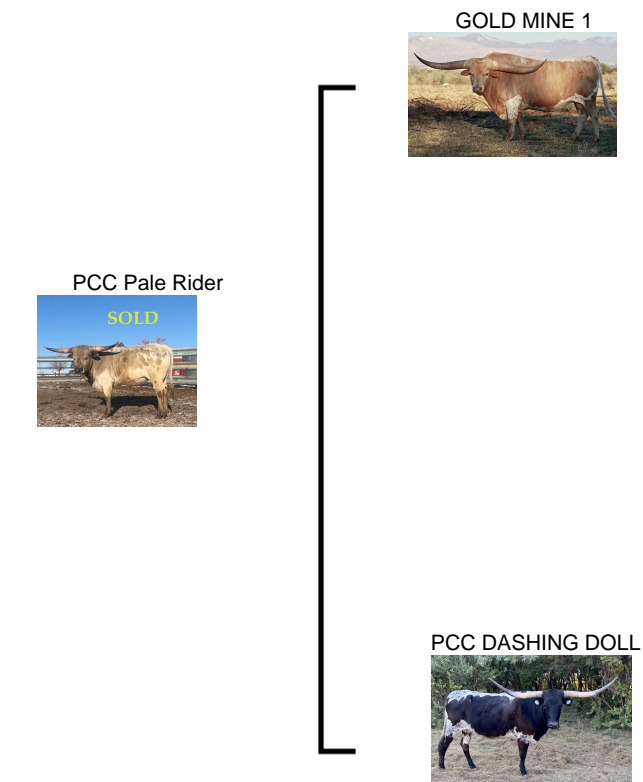

**Date of Birth:** 03/28/2018  
**Registration 1:** n/a  
**Sale Price:** \$2,400.00  
**Breeder:** PCC CATTLE CO, Scott Pace  
**Owner:** Partnered: E&L LONGHORNS & FREEMAN RANCH

Grulla & white bull DNA color tested through UC Davis.  
 He test to be dominant black with a recessive red gene.  
 He also carries one dilution gene like his sire GOLD MINE 1.  
 50% of his offspring will carry either the dun or grulla dilution gene. When bred to a cow with the red recessive gene, he could produce a red calf. Being dominant black, 50% of his calves will be black, black/white or blue, factor in his dilution gene to get some really wild colors.

**TTT:** 51.0000 on 01/12/2020
